

*Dear Colleague,*

Please join us for an educational symposium focusing on topics in Cardiac, Pulmonary and Sleep Medicine. The key objective is to challenge our health care professionals to understand their role in a significant time of change when they are being confronted with difficult issues in their professional careers. We will assist our health care professionals in identifying new techniques, improved outcomes and sensitive topics in healthcare, all of which will be met with an underlying tone that many of our answers are not apparent on the surface. We hope you will join us for our program entitled... Changing Tides in Medicine when each of us will be invited to go beneath the surface and "into the deep" to meet many of the underlying issues facing healthcare today....

## OBJECTIVES

This fascinating program offers the following objectives:

- Describe the significance of changing protocols and disciplines in a changing Healthcare
- Incorporate ventilatory concepts and graphics to improve patient outcomes
- Discuss the Nurses role in achieving optimum patient outcomes
- Describe indications for surgical interventions to manage sleep disorders
- Describe potential symptoms and methods of prevention in pulmonary embolism
- Discuss quality patient care even in the most difficult of times
- Review challenges facing hospital budgets and potential negative impact to patient care
- Identify Sleep Disorders and their application in the clinical setting
- Provide evidence-based case studies for how the role of smoking has changed in society and its role in healthcare
- Define MRSA
- Identify clinical signs of COPD and manifestations.

OCEANS CONTAIN 99% OF THE  
LIVING SPACE ON THE PLANET.  
HUMANS HAVE EXPLORED LESS  
THAN 10% OF THAT SPACE.

## SCHEDULE

| 4:25-4:30   | <b>Evaluation</b>                                                                                                                     |

## GUEST FACULTY

**Felix Khusid BS, RRT-NPS, RPFT**

Administrative Director for Respiratory Therapy and Pulmonary Physiology Center, New-York Methodist Hospital, NY

**Gabriel Wong, MD**

Division of Otolaryngology, Virtua Hospital, the Kennedy Health System and Deborah Heart and Lung Center. Certified by the American Board of Otolaryngology - Head and Neck Surgery.

**Stephen Tarnoczy BS, RRT, RPSGT**

SleepTech-Clinical Education

REST School of Sleep Medicine-Program Director

## DEBORAH FACULTY

**John J. Hill, BA, RRT-NPS**

Technical Director, Respiratory Care Services

**David M.F. Murphy, MD**

Chairman, Department of Pulmonary Medicine

Medical Director, Respiratory Care Services

Adjunct Professor of Medicine in the Associated Faculty, University of Pennsylvania School of Medicine, Philadelphia, PA

**Michael L. Scharf, MD, FCCP**

Attending Physician, Department of Pulmonary Medicine  
Director, Pulmonary Hypertension Program

**Susan Bonfield ESQ,**

Vice President/Legal and Regulatory

**Loren Manni, RN**

Conscious Sedation Nurse

Outpatient Procedure Unit/Ambulatory Care Services

**Joseph Manni**

Director, Support Services

**Phillip Painley, DO**

Cardiology Fellow

**Chester Smialowicz, MD**

Consultant, Infectious Disease

**Patricia Stark, RN,**

**Sarah Kisner, RN, BSN**

Nurses Advisory Board

THE HUMAN BODY  
IS 80% WATER

AN ESTIMATED 80% OF  
ALL LIFE ON EARTH IS FOUND  
UNDER THE OCEAN SURFACE

**Currents Ballroom at  
Adventure Aquarium, Camden, NJ**

**September 5, 2008**

Registration: \$60.00

Registration fee includes continental  
breakfast, lunch, reference materials,  
hands-on workshop and full  
education program credits.

Registration 7:30am

Program concludes at 4:35pm
